Features

Experience top performance and ultimate safety with our H-class electric motor! This quality level guarantees maximum reliability, even under extreme conditions and high temperatures. Thanks to an automatic system, the pump is immediately stopped when electrical safety limits are exceeded. All parts in contact with the product are made of high-quality stainless steel, ensuring the best performance at all times.

Applications

Acrylic • Rustproofing • Bituminous Coatings • Elastomers
Emulsions • Fixatives • Funds • Plasters • Water-based paints
Fireproof Coatings • Waterproofing Coatings
Impregnating Coatings • Encapsulants Coatings
Self-leveling plaster • Premixed plaster
Intumescent • Insulators • Lacquers • Primer • Plasters
Epoxy resins • Fillers • Enamels • Ready-mix Plasters • Paints

SPRAYPACK
